

Digital Tactical Radio

ACRO-WING

One-to-one/many communication

1:1 Communication ▶ Distance : 4km (@LOS)

Automatic Relay

Relay Communication ▶ Distance : 12km (@LOS)

Frequency	4XX MHz	Relay Hops	3 hops
Communication Distance	4Km(@ LOS) 12Km(@ LOS with relay)	Size(WxDxH)	68x30x136 mm
RF Output Power	MAX 4W	Weight	300g
Operation Battery Life	12 hours	External Interface	RS232, USB, LAN
Dust/Water Protection	IP54	Camera	2M Pixel CMOS
Operating Temperature	-30 ~ 60 ° C	LCD	TFT 1.77"

Key Features

- 3times longer communication range(Automatic Relay)
- Simultaneous voice, image and data transmission
- GPS support
- Two separate PTT buttons for quick channel switching
- High-level security algorithm(AES-256)
- Customized production
- Tactical radio for commander/For Soldier, Police, Fireman, Special Forces, etc.
